

Consommez des aliments de saison

Retrouvez des recettes en fonction de vos aliments

Wadge est un site internet créé par 4 étudiants. Nous cherchons des solutions pour l'environnement afin de mieux consommer en tenant compte des dates de péremption.

Gardez un suivi du conte<mark>nu de</mark> votre frigo

Architecture et gestion de projet

2 parties Back Front 4 modules 3 modules principaux Model Food Fridge Dao Recipe Service Api

Bonnes pratiques et Principes de conception

- DRY
- SOLID
- Design Pattern
- Convention de nommage

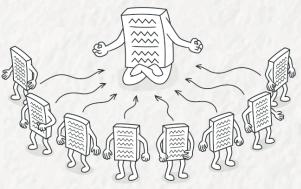

DevOps

- Tests unitaires
- Code coverage
- Code smells
- CI

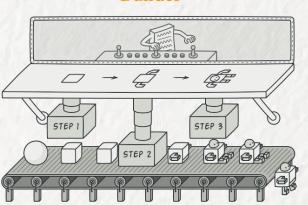

Patrons de conception

Singleton

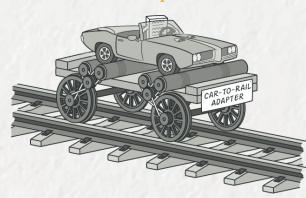

Builder

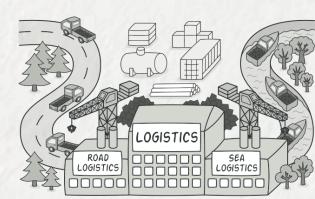

Adapter

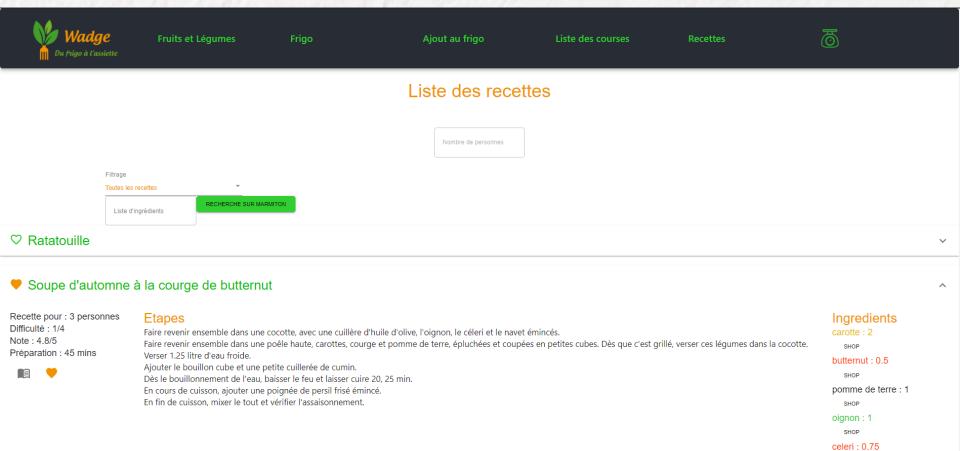

Factory
